PLAY HOCKEY, Hockey Initiation Program

The Hockey Initiation Program (HIP) is for boys and girls of all ages and is designed for beginning hockey players who want to learn the basics of the game. The players should know skating basics. We will continue to focus on improving skating skills each session, teach stick-handling, positioning, and have cross-ice scrimmage games as the season progresses, depending on skill improvement. Our goal at the HIP level is to have taught hockey skills and improve skating so that in the player's second year of skating they may progress to the De Pere or Green Bay Mite Hockey programs. This is great place to get started.
